

The background of the image is a grayscale photograph of an indoor sports facility, likely a basketball court, with a large glass wall on the right and a dark floor. A large, bright green semi-circular graphic is positioned in the center-left. The text "GREEN HILL" is written in white, bold, sans-serif capital letters across the green shape, with a registered trademark symbol (®) to the right of "HILL".

# Description

---

Roll mats are convenient for training in various sports in the same gym. The design allows you to frequently roll them without losing the properties of the working surface. In just a couple of minutes, you can set a roll-mat in the training room.

Roll-mats are convenient for transportation, in case of need to periodically move with them.

You can choose the length of the roll-mat for yourself, depending on your training location. Roll mats are universal in their properties. The thickness of 30-40 mm allows you to practice fitness, gymnastics and aerobics, jujitsu, mixed martial arts and yoga. The 50 mm mat can be used for aikido and judo, classical and Greco-Roman wrestling, sambo and for some types of gymnastics

# Specifications

Roll-mat twists  
convenient roll

Connection type  
using Velcro

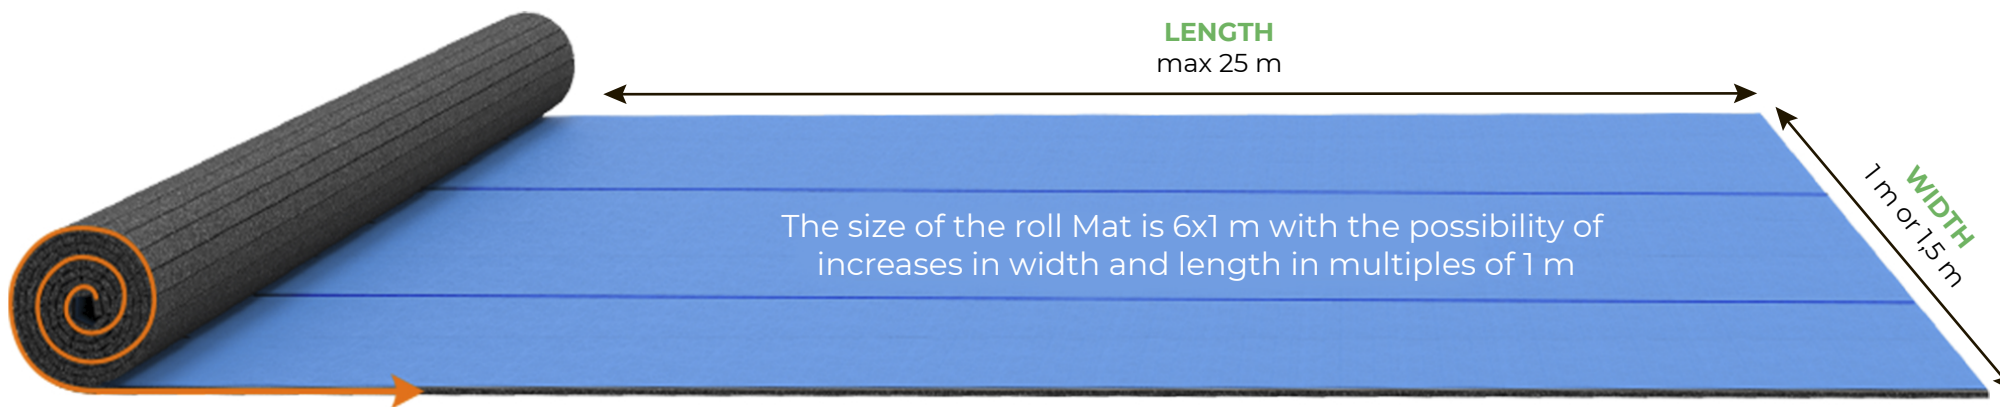

High wear  
resistance

Convenient  
storage
